

# SelectUSA CleanTech

## Virtual Inbound Investment Mission

February 15-17, 2022, 8:00 am EST - 1:00 pm EST

The SelectUSA Tech CleanTech Virtual Inbound Investment Mission will support high-growth technology firms in CleanTech sectors with active plans to establish operations in the United States.

### Benefits of Participating

- **Learn about different CleanTech and startup ecosystems** around the United States.
- **Connect and network directly** with economic development organizations, U.S. government officials, industry experts, and more. The matchmaking platform will be open the entire week of the event.
- **Apply to pitch** in front of a panel of judges and showcase your company.
- **Access the U.S. Department of Commerce's** support through SelectUSA specialists.

### Information for CleanTech Startups

The event is open to all CleanTech startups, but **priority will be given to startups meeting the following criteria:**

- Less than 10 years old (founded on or after January 1, 2012).
- Up to \$10 million annual revenue.
- Less than 40 total employees.
- Developing a new CleanTech technology product or service or delivering an existing technology to market in new ways.
- Planning to expand to the United States within the next 2-3 years.

### Apply Today

1. Complete the online **Application Form** by 5:00 pm EST on Wednesday, February 2, 2022.
2. Tech startups selected to join the CleanTech Virtual Inbound Investment Mission will receive notice by the end of January. Startups selected to pitch will be notified at this time as well.
3. Other participants' applications will be reviewed on a rolling basis.

**Providing in-depth engagement opportunities with**

- U.S. Department of Energy
- Economic Development Organizations (EDOs) around the United States
- U.S. Commercial Service Officers
- Venture Capitalists, Accelerators, and other Tech Partners

### Who Should Apply?

**International Tech Startups** in CleanTech sectors looking to expand operations to the U.S. market, or to learn more about CleanTech industries in key ecosystems around the United States.

Representatives of **economic development organizations** seeking to attract foreign direct investment in CleanTech to their region.

**Venture capitalists, investors, and accelerators/incubators** interested in connecting with dynamic CleanTech startups planning to expand to the United States.
